Houston, TX, June 7, 2010 – In conclusion to the season, AHFC bid farewell to four seniors who are off to continue their soccer careers at the Collegiate level.

Alex Hoyte will be off to Virginia where he will attend Hampden-Sydney. Hampden-Sydney was one of many schools that came knocking on his door after a successful weekend in North Carolina at the CASL (Men's Final Four Showcase). Hoyte is a very talented youngster with a bright future; he firmly believes that he would not have had this opportunity had he stayed with his previous club. AHFC has consistently been invited to these top showcases, and as with the past, have been very successful at getting their boys to reach their goals of playing at the Collegiate Level.

Alongside Hoyte, will be Trey Batey, who will be off to North Carolina to play at Barton College. Batey was a favorite amongst many coaches at the CASL Showcase and the Blue Chip Showcase. *"I never thought I would have a choice of what college I could attend, and I am more than pleased with the way in which AHFC has supported me and opened the door for me to play at the next level, I will make my club proud"* Batey says. Batey has a bright future and great potential, and is more than ready to be a standout at the next level.

Jeremy Bowler and Christopher Niles will be attending Mary-Hardin Baylor and University of the Incarnate Word respectively. These two boys have been key to their team's success over the years. They welcome that opportunity handed to them. Bowler is a hard working defender who suits the college game perfectly, while Niles' speed and athleticism could see him become a top player at that level. These two players epitomize the fact that hard work will get you where you want to go, and AHFC is nothing short of proud that these two boys will be representing them.

The AHFC Family will like to wish all these players the best on their new challenges, and certainly look forward to seeing them grow and become successful at the Collegiate Level. Well Done Boys; Believe ∞ Achieve ∞ Succeed.
