## Wines of the World

Help us build a world-class wine collection that will command a record-high bid at The 2010 Soccer Ball live auction. Our “Wines of the World” Wish List is an international assortment of premium wines from Argentina, Australia, Chile, France, Germany, Italy, New Zealand, Portugal, South Africa, Spain, and the United States.

To make a donation, please go to the Specs “gift registry” at [www.specsonline.com](http://www.specsonline.com); under the name Albion Hurricanes FC, you will find our Wines of the World “Wish List”. You can purchase wine from the Wish List to contribute or simply make a dollar contribution (in any amount) towards the collection. The Wish List will be available on-line and donations to the collection can be made from July 1<sup>st</sup> until September 10th, 2010.

Each bottle in our Wines of the World Wish List was specifically selected for our collection by Mr. Nate Rosen “Fine Wine Specialist” at Specs and must have a rating of “outstanding” to be included. A description and any related reviews of each wine will be included with the final collection delivered for auction. The highest bidder will taste their way around the globe with these fine wines! Please note we reserve the right to substitute a wine of equal or better quality should the need arise.

We hope you will consider a contribution to help make our Wines of the World a success. We welcome any inquiries.
